* Always applied in the case of a call from:

- **ZONE 1** (see map): the taximeter is activated upon arrival at the pickup location.

- **ZONE 2** (see map): the taximeter is activated at the departure of the taxi if the final destination is outside the city limits.

** Not applicable if the customer is picked up from an official taxi rank.

*** Night-time tariff applies from 10:00 p.m. to 6:00 a.m.

**** To be applied when the customer is travelling back towards the city.

The total fare is shown on the taximeter:

- while the vehicle is moving, the taximeter calculates the distance-based fare (per kilometre);
- when the vehicle is stationary, the taximeter calculates the hourly waiting-time fare (e.g. at traffic lights).

The home pickup fee and all other applicable supplements (luggage, booking fee, and each passenger beyond the fourth) are added by the driver at the end of the journey and displayed on the taximeter;

The motorway tolls' amount is communicated verbally to the customer.

The driver is required to issue an invoice only upon the passenger's request: VAT at 10% applies only to journeys exceeding 50 km.

Holiday and/or night-time supplements are NOT cumulative.
